NEWS in BRIEF

PITTSBURGH (UPI)—Negotiations for new steel industry labor contracts—supposedly moving along smoothly—were broken off Friday night until after May 1.

At a brisk news conference following a brief meeting Friday night, the top negotiators—David J. McDonald, United Steelworkers USW president, and R. Conrad Cooper of U.S. Steel Corp.—said they were far apart and recessing until "sometime after May 1."

CHICO, Calif. (UPI)—The Air Force today postponed for at least 24 hours plans to send a giant instrument-laden balloon on an 87,000-foot-high trip over the Sierras.

Overcast skies and high winds forced officials to postpone the flight at dawn. The balloon is designed to study wind conditions in preparation for a manned flight.

PREDAPPIO, Italy (UPI)—Romano Mussolini, jazz-playing son of the late Fascist Dictator Benito Mussolini, had to carry his swooning bride from the church to their wedding reception today after being mobbed by enthusiastic crowds.

The jut-jawed Mussolini, 33, himself almost fainted before marrying 24-year-old Mari Scicolone, sister of film star Sophia Loren.

ROME (UPI)—Italy's powerful Communist party today formally decided to vote against Premier Amintore Fanfani's new "center-left" government, which is pledged to firm anti-communism and loyalty to NATO.

COMMUNIST BOSS PALMIRO Togliatti told newsmen after a party meeting that the Communists would oppose the historic coalition government in a parliamentary confidence vote expected late next week. The Communists thus will remain in opposition as they have ever since World War II.

PARIS (UPI)—Government sources said today the peace talks which France hopes will produce a cease fire in Algeria by March 15 will open Tuesday at the Chateau de Lugin on the French side of Lake Geneva.

COEUR D'ALENE, Idaho (UPI)—The Northern Pacific passenger train, Northwest Limited, was derailed north of here Friday night and its diesel engine carrying two crewmen plunged into a deep, ice-covered lake.

Hospital attendants here and at Sandpoint said 32 persons were admitted with injuries, three of them critical. There were no known deaths among the 128 passengers, but the two engineers were presumed dead.

AT SCENE OF CRASH

Still Seeking Flight Recorder

NEW YORK (UPI)—Searchers worked through a second frigid night at the scene of Thursday's jetliner crash that killed 95 persons, but today still had not found the vital flight recorder of the doomed aircraft.

Federal and independent investigators have given top priority to finding the recorder since it could strengthen or dash widely held theories that control failure

Hospital Wing Ground Broken

The official ground-breaking for the first 22-bed wing addition to Desert Hospital was held at 11 a.m. today, with the full panoply of Hollywood glitter.

Mixed World Reaction to U.S. Testing

United Press International
President Kennedy's decision to resume nuclear tests in the atmosphere was cheered today by Britain and France, but drew fire from the Soviet Union and Japan—the only nation ever to experience the horrors of an atom bomb.

The British Foreign Office said the resumption of tests was "necessary to ensure the preservation of freedom in the world."

Kennedy's offer to delay the tests in favor of a Big Three summit meeting if Russia signs a fully-effective test ban treaty with provisions for inspection provides "a further opportunity for the Russians to sign a treaty banning tests altogether," the Foreign Office said.

But the Soviet news agency Tass said Russia will reject Kennedy's offer of a nuclear test ban treaty because it considers the United States' insistence on inspection "completely unacceptable."

Calls It Blackmail
Tass accused Kennedy of having "tied up the forthcoming United States nuclear tests in the atmosphere with disarmament negotiations . . . thus making a clumsy attempt to justify himself before the world public. Moreover he made use of maneuvers strongly reminiscent of blackmail."

Japanese Premier Hayato Ikeda protested Kennedy's decision and said it was governed "by strictly military considerations."

Ike to New York To Attend Rites For Alton Jones

PALM DESERT—Former President Eisenhower will fly to New York Sunday to attend funeral services Monday for his close friend W. Alton Jones.

Jones, who was on his way to join a party including Eisenhower for a fishing trip in Mexican Waters, was killed in the crash of a Los Angeles-bound jet in which 94 others also perished.

Entertainment royalty was slated to headline the traditional ceremony. Bob Hope, king of American comics and honorary mayor of this resort city, was scheduled to participate in the groundbreaking with Frank Sinatra, the undisputed head of the popular music world.

Hope served as master of ceremonies for the recent \$100-a-plate dinner benefit for the hospital building fund.

For Wing
The groundbreaking is for the \$244,800 wing to be constructed by the L. P. Scherer Co., Redlands. The building is planned as the first phase of a development which will add approximately 55 bed spaces to the hospital, plus new surgical and X-ray facilities, kitchens and dining rooms, a plus emergency room and office space.

Key figures in the ceremony were William Perlberg and Milton Prell, chairman of the fund drive committee which has raised more than \$500,000 in cash and negotiable pledges for the expansion project. They were joined by hospital board members, excepting Kenneth Kirk, board president who is out of town on business, and city officials. The hospital auxiliary was represented by Mrs. Gayle Burns, president. Dave Holub was slated to represent Leonard Firestone.

Seek More Money
Perlberg, a Hollywood producer, and Prell, a Las Vegas casino operator who owns a Palm Springs home, have indicated the additional monies required for the completed program may be raised this spring. Perlberg has emphasized that local area residents and business people must support the drive. Major contributions have come from part-time residents and the country club areas, Perlberg said.

Near \$2 Million
Total construction costs for the entire project would run approximately \$1.4 million. Furnishing and equipment could push the total requirements near the \$2 million mark.

At 2:05 p.m. Sunday, radio station KCMJ will broadcast an hour-long pre-recorded program on the hospital problem. The show, a "Desert Dimension" feature, was recorded unrehearsed in offices and patients rooms of the hospital. Jack Knudson, a patient in the hospital during most of this past week, was one of those interviewed for the show by Bill Hesson, station program director.

CHAIRMAN PRICE
HOLLYWOOD (UPI)—Actor Vincent Price, who specializes in horror movies, has been named chairman of the newly-formed Community Committee of the Los Angeles Art Museum Fund.

Hometown Delighted With Glenn

Wait As Long As Five Hours

NEW CONCORD, Ohio (UPI)—Astronaut John H. Glenn came home today and immediately delighted the crowds by driving instead of flying into town.

The crowd of 3,000 at the airport and thousands more parked along the John H. Glenn Jr. Highway had been disappointed earlier when word went out that the Glenns might be whisked by helicopter into New Concord instead of coming into town by motorcade.

The airport crowd went wild when America's newest hero and his beaming wife, Ann, came out of the plane which brought them here from Newark, N.J., after two days of celebrations in New York.

Glenn waved to the crowd. He was welcomed by Gov. Michael V. Sislak and other dignitaries and then quickly got into an open top convertible for the nine-mile drive from the airport to Muskingum College here where most of today's ceremonies were scheduled.

The airport crowd, some of whom had been waiting five hours, waited patiently for Glenn to come out when his National Aeronautics and Space Administration plane parked on the ramp. It seemed like hours, though only minutes, before Glenn came out. First there were NASA officials with a handful of official papers. Finally Glenn's parents, Mr. and Mrs. John H. Glenn Sr., who live here. Then the Glenn children, David, 16, and Lyn, 14. More officials. Then came Glenn and his proud wife.

Newsmen were not permitted close enough to hear what the governor and others said in welcoming Ohio's native son. The governor had a number of certificates to present to the Marine lieutenant colonel.

Ag Secretary Discussion Set Sunday Morning

RANCHO MIRAGE—Secretary of Agriculture Orville Freeman will discuss the Kennedy administration's farm program with Coachella Valley farmers in a breakfast meeting in the Desert Air Hotel here at 9 a.m. Sunday. State and county farm leaders, including Lionel Steinberg, Palm Springs resident and vice chairman of the state agricultural board, will speak before Rep. D.S. Saund and Freeman. Saund, Congressional representative of California's 29th district, will introduce Freeman.

TWO GREAT hitters, Eddie Yost, right, and comedian Joe E. Brown discussed baseball Friday at the Polo Grounds. Hollywood's funny man threw the first pitch of the intrasquad game to Albie Pearson and quipped, "What's this, the Little League?" (Desert Sun Photo)

Far West's Snows Move Eastward

By United Press International
Snows that belted the Far West moved toward the Great Lakes today, while frigid air from Canada chilled the Eastern Seaboard and rains soaked Dixie.

Rail and road transportation remained tangled in mountain areas of northern California from snow storms that struck a six-state area Friday. Crews worked through the night to clear transcontinental tracks and highways in the Sierra Nevada which were blocked by a blizzard which carried up to three feet of snow to the area. Scattered snow continued to fall, increasing avalanche threats. It was hoped that trains delayed or rerouted could get through today.

Montana Digs Out
Montana was digging out of snowstorms that plastered the entire state Friday in temperatures well below zero. The mercury dropped to below minus 10 at Havre and Glasgow, Mont., and no relief from the cold was in sight. The Weather Bureau said the Western Plateau and central Rocky Mountain states could expect lower readings today.

At Pocatello, Idaho, the eight inches that fell Friday was a record for a 24-hour period.

More Chill
Across the nation, the Northeast and Southeast braced for another day of chilling temperatures which kept readings at the freezing point or lower as far south as the Carolinas Friday.

During the night, rain spread from the middle Gulf Coast into the beleaguered Carolinas, with more than an inch of wetness reported in Savannah, Ga., more rain, occasionally freezing along the Carolina coast, was predicted for today.

The snow which plagued the Far West Friday was moving eastward today across the plains and into the western Great Lakes

Rescuers Try To Reach Spot Near Idyllwild

EDWARDS AFB, Calif. (UPI)—The Air Force said today a search plane had spotted an SOS in the snow of rugged mountains southwest of here and it might be a clue to the fate of a missing U2 spy plane.

The SOS was stamped in snow in the timber cluttered San Jacinto Mountains 6 to 8 miles south of Idyllwild, Calif., late Friday. A ground rescue party from Norton AFB tried to reach the area Friday night but was forced to retreat because of adverse weather conditions. It left again today.

The U2 reconnaissance plane, similar to the one flown into Russia by Francis Gary Powers, has been missing on a training flight from this base since Thursday night. The pilot, Capt. John Campbell, 36 of Laughlin AFB, Tex., was believed down in an uninhabited area.

The Air Force said the ground crew needed air guidance in order to locate the SOS in the rugged mountains.

Search aircraft, to assist the ground crews in locating the SOS, were standing by because of the heavy cloud cover.

The plane that spotted the SOS stamped in the snow was from March AFB in nearby Riverside. There was no wreckage or pilot sighted in the area.

Eleven planes, meanwhile, took off from this base about 100 miles northeast of Los Angeles at dawn today to search other areas. Several planes from other nearby military installations joined the search, which was halted at nightfall Friday night.

Burma Under Martial Law

RANGOON, Burma (UPI)—Burmese army commander Gen. Ne Win today suspended the constitution and dissolved Parliament, which in effect placed Burma under martial law.

Although martial law was not formally declared, Ne Win's action gave the revolutionary council and his already-appointed cabinet of former high ranking army officers authority to act as they see fit.

Ne Win went on the radio and told the people of Burma the council had "taken over the responsibility and task of keeping the country's safety owing to greatly deteriorating conditions in the union." He asked government workers, teachers and students to carry on as usual.

Spa Airport Operations Contract Set

An agreement for fixed based operations of the Palm Springs Municipal Airport was reached at 4:30 p.m. Friday between the city's airport commission and George Moore, representative of the Butler Aviation Co., Thomas Kieley, commission chairman, announced.

The agreement must be approved and signed by officials of the firm now in Palm Beach, Fla. The signed document is due here Wednesday, Kieley said. Delmar Canady, airport director, will take the proposed agreement to the Federal Aviation Authority in Los Angeles Monday, to begin the clearance with that body.

The agreement stipulated installation by Butler of at least \$100,000 worth of maintenance equipment, and payment of 50 per cent of all parking and tie-down fees, with five per cent of the Butler gross. Gallonage payment to Palm Springs will vary from two to four cents a gallon, with the possibility of 400,000 countable gallons in the first full year of operations. Butler will handle maintenance and fueling.

Supervisor Action on Air Pollution Monday

County Supervisors Monday are scheduled to take up the request of the Palm Desert Chamber of commerce for action to eliminate the threat of air pollution in that area due to unregulated burning.

The appeal of the Palm Desert Chamber has the support of other chambers and civic organizations in the county.

Discussion of zone changes in the Garnet area is on the agenda. The board will also hear letters of protests against adoption of M-5 zones where billboards would be permitted. Palm Springs City Council and Chamber of Commerce are among those protesting.

Among other items before the board will be the petition for

abandonment of Polk Street and another unnamed street in the Indio district, request of Bernard Solomon for reduction of side yard requirements in the Cathedral City-Palm Desert area and request of Mervin LeRoy for a deed to an abandoned road in the Colony Tract in Palm Springs.

Additional employees for the Desert Municipal Court marshal will be considered and performance bond for the Desert Cable TV Inc., studied.

Also on the long agenda is the consolidation of an election by the Palm Desert Service district and resolutions appointing directors for Pine Cove and Coachella Valley County Water districts and for the Idyllwild Fire Protection district.

Dinae Walker, 18, is thanking
her lucky stars today after a nar-
row escape with death Friday after-
noon in an auto accident on the
San Bernardino Freeway.

Miss Walker went over a bridge

Miss Walker said she swerved
to avoid a truck and lost control
of the car before it plunged over
the rail.

STUDIES in depth of the growth and building needs of the
Palm Springs Unified School District were the topics as
these officers of the newly appointed citizens study com-
mittee talked with Berton L. Lamb, second from right,

president of the school board. Committee officers from
left are Mrs. Dorothy Owens, secretary; Carl Schooss,
vice president; and at the right, James Schlecht, chair-
man. (Desert Sun Photo)

CITIZENS COMMITTEE NAMED

New School Bond Issue Studied

By PEYTON CANARY

The first question before the 29-
member citizens committee
named to aid the Palm Springs
Unified School District board in
outlining building needs and de-
ciding on a possible bond election
call will be the question of time.

Committee members Thursday
asked the board why the com-
mittee was named so close to the
March 22 deadline for deciding
whether taxpayers would be asked
to approve a new bond issue.

"If we do decide that we should
go for the bond issue and someone
asked me how long I studied the
matter to arrive at this conclusion
I couldn't give a clear answer,"
member Don Miller said.

Two Problems

Two problems presented to the
committee by the district admin-
istration and board Thursday were
school construction and expanded
operation expenses. The second
problem posed the possibility of a
tax override election to finance
maintenance of more quarters.

"Increases in assessed valuation
may keep pace with increased
costs," Bernard Poliak, board
member and two-term president
said. He added that the assessed
valuation increases hadn't kept up
with increased enrollment costs in
the past couple of years.

The committee held its organi-
zational meeting and preliminary
discussion immediately after the
adjourned board meeting Thurs-
day. Officers selected are James
Schlecht, chairman; Carl Schooss,
vice chairman, and Mrs. Dorothy
Owens, secretary. Other commit-
tee members are L. S. Anderson,
Don Bortoff, Claude S. Cobb,
Arthur J. Coffey, Francis F.
Crocker, James A. Crowe, Dr.
William H. Elliott, Jr., Herb H.
Esbitz, Mrs. William A. Foster,
Mrs. Earl Henderson, Arthur B.
Knutson, Gil K. Knutson, Dr. John
H. Lake, Kelvin K. Larson,
George Mueller, Robert Peterson,
Herman Ranes, Mrs. Edna Skek-
low, Mrs. Dorothy Sippy, Dewey
D. Wallace, Ralph L. Watt, Mrs.
Vahan Alchian, Harold West, Mrs.
Dan Wagner and Toby Curtis.

No Firm Action

The board, which has not set

any firm action on an election call,
indicated to the committee it
would like to put a bond election
for the Section 11 junior high
school on either the June 5 elec-
tion ballot, or a fall ballot. The
total project is estimated by ar-
chitect Don Wexler to require \$2-
297,253. Wexler suggested building
the school in phases. The first
would include administrative
space, some classrooms, the multi-
purpose room, shops and music
room. A separate phase could add
the science rooms and more class-
rooms, with the proposed physical
education facility set for the final
phase. The recommended first
phase would cost an estimated
\$1,537,113, phase two \$345,926, and
phase three \$427,595 at current
building costs, Wexler said.

The committee is not sought as a
"rubber stamp of the board,"
Berton L. Lamb, board president
emphasized. Lamb and Poliak,
backed by administrators, ex-
plained that the urgent call for a
citizens study group came when it
developed that expected funds
from the Francis Stevens School
site sale could not be obtained in
time for the projected construction
of the Section 11 junior high school.
The new facility is needed by
Sept. 1963, they explained.

Legal entanglements on both the
Section 11 site, owned by Mr. and
Mrs. Culver Nichols, and over the
Francis Stevens school sites were
cited by the administration and
board. The 25-acre school site, on
Vista Chino at Avenida Caballeros,
is now subject to condemna-
tion proceedings. If the district
wins a judgement, a petition
would then have to be made for
possession of the property, Dr.
Dwight E. Twist, superintendent,
explained.

The expected monies from the
Francis Stevens site—which could
revert to heirs of the estate if the
site is not used for instructional
purposes—is somewhat nebulous,
the committeemen learned. There
is no known firm buyer for the
mid-town property, nor is there a
formal appraisal. County Counsel
Ray T. Sullivan, Jr., had recom-
mended against a formal appraisal
because of possible jeopardy of
the district legal position.

If the site is subsequently sold,
it could not be used to pay off
bonds, but would have to be used
solely for direct construction costs.
Dr. Twist said. Board members ex-
plained that the money might be
used for construction on possible
alternative sites.

Fast Growth
Pleading for a look at the "over-
all problem," Dr. Twist told the
committee the district has "half
again as many students as it did
four years ago." He added the
solution was simply more build-
ings or less education.

Lamb told the committee that if
no bond election is called, or fails
to pass, an alternate plan could
be used. A long-range study would

then be needed. The Francis Stev-
ens school could be used as a tem-
porary junior high school annex,
he said. The ultimate educational
plan is for a six years of grades,
three years of junior high, and
three years of high school. The
questions of what the probable
growth would be, and how housing
must be provided for the various
age levels, would be included in
the long-range study beyond the
question of the Section 11 junior
high school.

In answer to a query from
Schlecht, Dr. Twist explained
bonds could be authorized, but un-
sold until some legal decision is
made on the Francis Stevens
school site.

Committee member Herman
Ranes emphasized that taxing bod-
ies "can't keep hitting the citi-
zens for bond elections." He cited
the airport bond election, and the
possibility of a hospital bond as
other interests facing voters.

BIRTHDAY BOOST for six-year-old Joy Yamamoto, newly-naturalized citizen and Katherine Finchy school kindergarten pupil, came from teacher Mrs. Beverly Watt. Joy gained her new citizenship and celebrated her birthday in February, triggering a special class party to help her celebrate the big days. (Desert Sun Photo)

NEW CITIZEN

Japanese Doll Added To U.S. Census List

February, 1962, was a pretty exciting and wonderful month for Katherine Finchy school kindergarten, Joy Yamamoto. On Feb. 16 the young Japanese-born daughter of Mr. and Mrs. James Yamamoto of 747 N. Calle Rolph, Palm Springs, became an American citizen; and Feb. 26 was her sixth birthday.

The occasion was celebrated in the kindergarten class at Katherine Finchy. Mrs. Beverly Watt, her teacher, reported that all the children were very happy, not only because of the birthday party...but also because a reporter and a photographer were coming to see Joy and to ask her about becoming an American.

Name Means Joy
Little dark eyed Joy (whose name in Japanese was Yayoi—meaning joy and happiness) was a personification of her name as she was interviewed. She darted about the classroom like a happy bird, picked up a doll and hugged it, ran to the play stove and stirred an imaginary stew in the pot, and then danced over to the corner where her mother and teacher were seated.

Mrs. Yamamoto explained that she and her husband, together with Mr. and Mrs. Ed Pringle went to the Riverside County Court House on two different occasions. The first time Mr. and Mrs. Pringle were witnesses, and the second

time was a civil ceremony where in Joy was given her citizenship.

Said little Joy, "I put up my hand and I pledge to the flag." Asked if she liked America, she quickly answered, "I like America, I like Japan, I like everyone in the world." Later she narrowed her love down to "Mommy, Daddy, and Lincoln". Lincoln, it seems, is her apricot-colored dog, named after the famous American because of his birth on February 12.

Gets Sweaty
Joy, who rapidly learned English after coming to the United States in 1959, has also swiftly adapted the food preferences of her American peers. She likes ice cream and hot dogs best. She likes Palm Springs, too, but admitted she gets "sweaty" in the summer.

Mrs. Yamamoto refers to Joy as the most rewarding thing in the life of her husband and herself. She explained that they went to Japan to make arrangements to obtain Joy. "We first saw her in San Francisco in August of 1959," she said. Mrs. Yamamoto murmured when her little girl was referred to as an exceptionally bright appearing child. "She is no different from any other child," she explained. "Children are children regardless of their country, and as Joy's teacher, Mrs. Watt, always says, 'all children are cute at this age'."

WASHINGTON WINDOW
By LYLE C. WILSON

WASHINGTON (UPI)—Recommended for reading today are "The Cardinal Spellman Story" in the current Look Magazine and a 50-cent paperback published by the Henry Regnery Co. of Chicago, titled "Roosevelt's Road to Russia."

The Cardinal's story relates FDR's idea that the postwar world would be divided in four parts with the Soviet Union dominant in Europe. Great Britain, the United States and China each were to be top dogs in three other areas: Africa, the Pacific and Asia.

The new Regnery paperback was written by George N. Crocker. It is fierce and bluntly worded. The book will be offensive to FDR's defenders because it challenges their hero as the architect of World War II strategies that left the world in the now-prevailing condition, which is a mess. The theme of Crocker's book is that FDR was a glib stoolie for J. V. Stalin's master plan to dominate the postwar world or as much of it as possible. The Cardinal's story seems to tie in there.

FDR's Aides Rapped
"Roosevelt's Road to Russia" is a chronicle of the men around FDR and of the wartime conferences at which these men matched wits, notably with Stalin and V. M. Molotov. Crocker finds the U. S. team outplayed and over-matched. He especially tags the late Harry Hopkins as a safety man who forever was dropping the ball for lack of the will to catch it.

"That a web of subversion was spun over Washington during Roosevelt's administration is now beyond question," Crocker writes. "J. Edgar Hoover's 'Masters of

Deceit' is but one of many authoritative sources which verify that the government was infiltrated by both Communist agents and Communist sympathizers and that U. S. plans, policies and official attitudes were not only influenced by these infiltrations but also promptly reported to Moscow.

"If Franklin D. Roosevelt became, as war went on, Stalin's favorite fellow-traveler, it was not necessarily because any ideological conversion occurred."

Forrestal Quote
"The pro-Russian atmosphere in Washington...was galling to many, including the frustrated Secretary of Navy James V. Forrestal. His diaries reveal that in September, 1944, he had written that: 'If any American suggests that we act in accord with our own interests, he is apt to be called a...fascist or imperialist, while if Uncle Joe (Stalin) suggests that he needs the Baltic provinces, half of Poland, all of Bessarabia, and access to the Mediterranean, all hands in Washington agree that he is a fine, frank, candid and generally delightful fellow.' Such was the frame of mind Roosevelt took to Yalta."

The publishers believe that many people will be made angry by this paperback. That is a reasonable expectation. The book was published originally in hard covers at \$5 and had a large sale. The paperback at 50 cents is expected to do better.

Look should do well with the Cardinal's story, too. It relates that FDR told Spellman in 1943 that at the least Stalin would gobble up Finland, the Baltic states, half of Poland and Bessarabia. FDR expected Stalin to appoint Communist governments for Germany and Austria. No counter-move was contemplated.

Rabbi's Son Named Daniel At Ceremony

Two hundred members of the Jewish Community Center were present at the "Brit Milah" and naming ceremony of the new son of Rabbi and Mrs. Joseph Hurwitz, held at their Monterey Road home. Young Daniel Jacob was presented in a hand embroidered white gown and bonnet, reclining on a gold-embroidered blue velvet pillow from Israel, when he took part in the oldest ceremony known in Jewish ritual.

Dr. Robert Gordis, of the Jewish Theological Seminary of America, presented a preface to the ceremony, explaining the historic and religious significance of the ritual. Also honored for the occasion were Mr. and Mrs. Menache Eliachar of Jerusalem, Israel, Mrs. Hurwitz' parents who were present to greet their new grandson.

The garden was the scene for the post-ceremony social where a beautifully decorated sweet table was set with a variety of exotic pastries and punch.

Rabbi and Mrs. Hurwitz also have a daughter, Doreen, aged two.

Seal Society Aims Explained To Soroptimists

Miss Winnifred Jones, director of the Easter Seal Society in Riverside, addressed the Soroptimist Club of Palm Springs, during a meeting held at Holiday Inn.

Eighty five per cent of all money received by the society, which has been operating in Riverside for 17 years, remains in Riverside for direct service. At the recommendation of physicians, the society furnishes wheel chairs, hospital beds, shoes for braces and artificial limbs, free of charge to needy patients.

The president announced that a board meeting will be held at her home on Mar. 5, and the regular meeting will be held Mar. 6 at Holiday Inn, at noon.

Guests at the meeting were Auretta W. Weybright, Soroptimist Club of Indio; Miss Addie Hubbard, former member and Bill Coffin.

Art of Japan's Sumi Painting Demonstrated at Palette Club

The art of Sumi painting was demonstrated and explained by artist Elaine Malco, during a meeting of the Shadow Mountain Palette Club.

Sumi painting, said the artist, was begun in Japan in the 13th Century, and is as much a part of Japanese life as Mt. Fujiyama. Miss Malco displayed lamps, which were sculpted in clay, and a bust of Christ, created in white and gray tones.

Now on exhibit at Shadow Mountain Club are Miss Malco's paintings of brilliant flowers and bamboo done on silver and gold backgrounds.

With 70 members and guests present, Mrs. Chester Fenton, president, introduced Mrs. Cliff Henderson, who reported on "Desert Beautiful" progress, and introduced Mrs. Hal P. Baldwin, vice

chairman of Los Angeles Beautiful and Thirza Schenk, publicity chairman.

The president reminded members of the "Artist's at Work" Day to be held at Shadow Mountain Club on Mar. 11, when artists will gather poolside with their easels, and of the Artist's Ball and Exhibit, to be held on Mar. 23.

Also reporting were Mrs. Walter Bertrand, secretary, and Mr. Thorai Lake, acting treasurer. Hostesses for the day were Mmes. Randall Henderson, Jesse Lishman, Art Horner, Thorai Lake, and Jerry Malone.

Next meeting will be held on Mar. 14, at Shadow Mountain Club.

Arthur Cooper Gives Talk to Legal Scribes

Arthur Cooper, vice president of Coachella Valley Savings and Loan Association, talked of his personal experiences in banking and savings and loan work, with regard to legal matters, when he addressed the Desert Legal Secretaries Association at the Coachella Valley Bowl, in Indio.

Cooper explained the difference in federal and state savings and loan associations and escrow work, and discussed the satisfaction felt by being enthusiastic and offering efficient service to the public.

Following the program, Lila Hodges, president, conducted a business meeting and, along with Frances Upchurch, governor reported on her recent attendance at the State Legal Secretaries Convention in San Jose.

Of particular interest, was the information that a new Legal Secretaries chapter has been formed in Puerto Rico, where work will be carried on as in the United States. Guests at the meeting were Mrs. Arthur Cooper and Margaret Freeman, of the district attorney's office in Indio.

For the Birds

NEW YORK (UPI) — Box lunches for birdwatchers are a specialty at a Long Island restaurant in the Montauk area. A kitchen staff remains after the summer season ends to prepare sandwiches, fruit and cookies or cake for birdwatchers who frequent the remote area during the height of the fall migratory season.

GAY MILLER is the proud possessor of a Bible, given to her by the Temple Isaiah, when she was 'Bas Mitzvahed'. Gay is pictured with her parents, the Barney Millers, who honored her with a reception in their Marion Way home. Also honored at the reception were Gay's paternal grandparents, the Harry Millers of Evansville, Ind., who were celebrating their golden wedding anniversary. (Pospel Photo)

Nicoletti Party Honors Friends from Michigan

Honoring a group of friends from her home town of Flint, Mich., Louise Nicoletti entertained about 100 guests at cocktails at her Thunderbird Heights home followed by dinner at Thunderbird Country Club.

The Michigan honorees included the James Rices, Mr. and Mrs. William Richards, Lester Lockwood and Harlow Curtice, former president of General Motors. The party was one of a series.

The Nicoletti home was gay with arrangements of spring flowers as cocktails were passed and trays of hot canapés. At 9 o'clock the lights flashed a signal that dinner was ready at the club and the party moved down the hill to Thunderbird.

Bernie Richards and a combo played for the dancing, with Jon and Edna and Joni Torrence there to demonstrate and teach the Twist.

The dinner, which started out with a green California salad, featured filet mignon and stuffed pepper with red wine. Vari-colored water ice was served for dessert. Among the guests were: the Joe Froggatts, George Irwins, Russell Wades, Dorothy Gray Brown, Mrs. Sydney Schiff, Messrs. and Mmes. Perry Clark, William Richards, William Seiter, Walter Sibbert, Jim Welch, Griffin Curtis, E. J. There are many other things going on but this is definitely the Considine weekend, as Bob and Millie are being entertained right and left, with hostesses vying for the privilege.

It was a black tie kick-off last night as Rosie Dolly Netcher took over the Garden Room at the Biltmore Hotel for a Welcome-to-Palm-Springs party, with Twisting the dance of the evening.

Tonight Dorothy Gray Brown is giving a cocktail buffet at the Brown residence on Camino Norte.

Tomorrow night Auntie Pearl McManus will hostess about 30 at cocktails and dinner at the Tennis Club, honoring the Considines.

Jolie Gabor is doing the unusual Monday night when she gives a late party (after his lecture for the Woman's Club) honoring Bob Considine. Says Jolie, EVERYONE gives a party for Millie (that's

Bob's wife) so this one is for Bob. It also happens to be Jolie and Edmund's fifth anniversary.

Of course, it will be a goulash party but it won't be black tie as Jolie's most casual ones are quite likely to be. There are usually headline names in her list of party guests and husband Edmund plays the violin and it's a different kind of party. Once, earlier this season, daughter Zsa Zsa, Princess Saroya, Bobo Rockefeller and Ruth Cutten were all at one of Jolie's parties, which isn't surprising, but the fact that these four eligibles were without escorts is, isn't it?

William C. Decker, chairman of the board of Corning Glass, and his wife spent a few hours in Palm Springs visiting his sister Helen Decker Charshee, who is here from New York for the winter.

A fortune teller studying the palm of Billie Dove Kenaston could come up with a couple of predictions of fame and fortune and travel that are about to come true. Billie and husband Bob sail Sunday on the SS Lurline on the two-week Hawaiian trip she won in the "Gid-goe Goes Hawaiian" contest.

Fans who have not forgotten the beautiful Billie will glimpse her in the Charlton Heston film "Diamond Head", when she plays a small role, using the "movie contract" that was the second part of her winnings in the contest.

Dr. and Mrs. Franz Alexander left this week for New York, where she is having a three weeks one-man showing of her impressionistic abstracts at the Norval Gallery.

The doctor says he feels like he's commuting as he had just returned from New York, where he was awarded the annual national Samuel Hamilton Award for outstanding contribution to psycho-pathology.

When Esther and Leo Maranz take over the Tennis Club on Tuesday night to entertain about 160 guests at a black tie affair—dinner dance it will be the annual celebration of his birthday and the birthday of their daughter Carol (Mrs. Robert Marx). The dual celebration has been a yearly affair in the Maranz family ever since Carol was a baby.

City of Hope Meets Monday

Palm Springs Chapter, City of Hope will hold its regular monthly luncheon meeting on Monday noon Mar. 5, at the Jewish Community Center, 332 West Alejo Joad.

Luncheon Chairman Mrs. Samuel Wyse has designated the following hostesses to assist her: Mmes. Lena Bronstein, Bess Forman, Sophie Goodman, Mae Heller, Eve Richman, Sophie Rosen and Rose Segal.

An interesting program has been scheduled following the luncheon and Mrs. Fae Brezin, president, urges members to come and bring guests.

Blumenthal Sr. Celebrates Here

Ray Blumenthal Sr. of Westwood celebrated his birthday in Palm Springs while he and his wife, Edith, were visiting in the La Verne Way home of their son, Ray Blumenthal Jr.

Also here to celebrate the event were the senior Blumenthals' daughter and son-in-law, the Dick Greshams, and their daughter, Gail, of Cheviot Hills.

GREEK STATUARY helped to carry out the Grecian theme used at annual Senior Class Formal, which was held at the Jewish Community Center. Dancing and refreshments were enjoyed, and the dance was open to the en-

tire high school student body. In charge of arrangements was Irving Sussman, head sponsor of the senior class. (Desert Sun Photo)

MRS. PERRY JOHNSON, seated left, was hostess to a group of about 50 members and guests of Cahuilla Chapter Daughters of the American Revolution at a luncheon at Eldorado Country Club. Next to her is Mrs. Howard Jay and standing back of her is Mrs. Edna Brott, her two

co-hostesses. Standing right is Regent Mrs. Fred A. Nitchy. The box of flowers contains four dozen Mamie carnations which were to have been presented to Mrs. Dwight Eisenhower who was unable to attend. (Desert Sun Photo)

BY CAHUILLA CHAPTER

Mamie Made DAR Member

In the patriotic theme bouquets of white stock, red and white carnations and blue iris decorated the tables which were arranged in a big "U" at the luncheon at Eldorado, which Cahuilla Chapter Daughters of the American Revolution had planned to honor Mrs. Dwight D. Eisenhower.

As it turned out the intended guest of honor was unable to attend due to the death of a family friend who lost his life in the astrojet crash, so the luncheon hostess Mrs. Perry Johnson personally delivered the four dozen Mamie carnations and the specially painted card that made Mrs. Eisenhower an asso-

ciate member of Cahuilla Chapter. After reading the gracious note that came from Mrs. Eisenhower regretting that she would be unable to be present, Mrs. Johnson and Regent Mrs. Fred Nitchy welcomed the 50-some members, guests and prospective members.

The luncheon menu included tiny shrimp and tomato salad, an entree of stuffed breast of squab and a medley of lime, pineapple and raspberry sherbet balls.

Acting as co-hostess with Mrs. Johnson were Mrs. Howard Jay and Mrs. Edna Brott. Mrs. Fred A. Nitchy, Regent, presided at the luncheon.

Attending the luncheon were: Mmes. William J. Schwartz, Florence Bacon, Evelyn Paul Pell, Harry DeVenney, Ira L. Reed, Leonard Murchison, William E. From, Robert Van Patten, Ralph Webster, James W. Whigam, Lyell Wooster, Fritz Taves, W. V. Buckner, Frances Moore, Daniel Newton, D. F. Macpherson, Paul Burkholder, Merle Hancock A. K. Paul, Helen Williamson, Ray Rodny Jones, Frederick Watson, Josephine McCauley, Annette Means, Saul Ruskin, Miriam K. Hendry, Orin S. Welch, Mabel Harman, Rose McKinney, Earle Robbins, Walter Williams, Albert F. Parrott.

From Sublime To Ridiculous Program Topic

"From the sublime to the ridiculous" is the way Mrs. William Cooper chairman of the program for the sisterhood of Temple Isaiah's luncheon-meeting, to be held at noon on Mar. 7 describes the presentation for the afternoon.

Mrs. Roger Williams, Palm Springs harpist, will be presented in a musical program and the second part of the program will be a membership participation skit entitled, "I'll Gladly Volunteer!" In the cast of the skit are Mmes. William Bronstein, Jack Kosbie, Stanley Rosin, Sol Vineberg, David Gilner, Armand Moss, Robert Lipschutz and David Cohen.

A spring luncheon will be served and a short business meeting will be held, at which the nominating committee will be elected.

Visitors are welcome.

Window curtains on the sunny side of the house are likely to last longer if they are kept clean. Long exposure to the sun weakens and rots fabrics. Sunshine is more damaging to soiled than clean fabric.

Visit Family

Mr. and Mrs. Clarence Troy of Chicago are here visiting their daughter Mrs. Stanley Phillips and family in their new home on Corregidor Drive. An employee of a Chicago nursery, Troy is admiring the night spots around town, as well as the companionship of their three grandchildren Stanley Jr., James Anthony and John Joseph.

A REALTOR'S NOTES

by isabelle cameron

If I were visiting an area and had the remotest thought of investing in property... I'd find a REALTOR... Top echelon in their field... An advisor in Real Property... One whose experience and love of the "Good Earth" has graduated him or her "Cum Laude"... A specialist in a given area... Someone with the combination of "common sense" and "second sense", a visionary kind of person... A dedicated kind of guy or gal... I would sit down, present my thinking and pay real good attention to the advice rendered... The formula for successful investment is entirely different for each individual... It's possible one of these properties may be the one for you...

IT TAKES REAL VISION FOR THIS ONE... It's an older non-conforming house... The roof line is attractive... The lot terrific, approximately 120 x 160... Located near the Desert-Air Hotel and air-strip, the Junior College... In Rancho Mirage. The resourceful and imaginative buyer could make this a delightful home... Needs lots or doing, but the price is only \$12,750.00.

AND THIS NEEDS NO VISION... It is just about one of the most desirable of properties. Not far from Thunderbird Country Club... Excellent for investment and can be operated as a Ranch for the present... Its 30 acres offered at \$165,000.00.

IF YOU QUALIFY FOR F.H.A. the commitment is \$19,800.00 and the selling price \$22,750.00... Buyer must pay loan charges, or you may buy with conventional financing with a down payment of \$2500.00. This home has three bedrooms, 2 baths, refrigeration, air conditioning, located on a lovely hillside view lot in Rancho Mirage...

ON THE FAIRWAYS OF INDIAN WELLS COUNTRY CLUB... A charming contemporary home... Three bedrooms, two baths... Large living room with corner fire-place... Five tons of refrigeration... Built-in general electric kitchen... Walled and landscaped... Drapes and carpeting are included... A wonderful pool and deck area... and a fantastic view... \$39,950.00.

So many, many times we have heard the sad lament "I remember when I could have bought"... Don't be one of those could have beens... This property is only a very short distance from the Thermal Airport... and the same distance from the site of the new Wilson Packing Plant, reputed to be a two million dollar investment... and a now being planned Industrial Park... The Southern Pacific Railway is a stones throw... We consider this an unusual opportunity... Progress is in the Air... Its thirty-five acres, at \$1475.00 per acre... Presently being farmed and leased for one thousand dollars per year... The terms can be most desirable. Perhaps you are weary of living in your trailer? You can trade it on a two bedroom... Two bath home... Carpeted and draped, partially furnished... Completely fenced, built about two years ago... very very smart modern home... Selling price \$32,500.00.

We do specialize in a given area... We have had great experience and it is our pleasure to advise you... ACREAGE throughout the Valley... Hotel properties... Homes and lots... Rancho Mirage, Palm Desert, Thunderbird, Bermuda Dunes, El Dorado and Indian Wells Country Club area...

RADIATION NO PROBLEM

Space Travel Cleared

WASHINGTON (UPI) — Extensive reports from an orbiting satellite indicate that the first and most intense of the Van Allen radiation belts poses no problem to manned space travel, the Air Force disclosed today.

Radiation at the center of the doughnut-shaped belt is six times "hotter" than previously was thought, an announcement said, but the intensity tapers off rapidly and its total area is only half as big as was originally thought.

The Air Force conclusions applied to the so-called "proton" radiation belt which centers over the equator at altitudes of from 600 to 300 miles. A second "electron" area of radiation lies at higher altitudes.

The announcement said "an Air Force satellite has provided the first continuous data on the actual size and intensity of the inner belt."

"Even at the center," it said, "it would take nearly a week of continuous exposure to cause death. A space pilot would pass through the zone in a matter of minutes without harmful effects."

The information was relayed back to six Air Force tracking stations from a 23-pound "Black Box" carried aboard a satellite identified only as an Agena.

Agena is the name of the second stage of the rocket which has placed 26 Discoverer satellites in orbit.

GIVEN BLESSED ROSARIES — WASHINGTON (UPI) — Mrs. Robert F. Kennedy gave her niece and nephew, Caroline and John Kennedy Jr., rosaries blessed by Pope John.

The attorney general and his wife also brought back rosaries for their own seven children. The couple had an audience with the Pope at the Vatican last week.

Volunteers To Triple

CHICAGO (UPI) — The Peace Corps will more than triple in size to some 5,100 persons in the next six months, the recruitment director for the program said Thursday.

Richard Graham told a news conference that the 12 countries with Peace Corps projects have asked for more volunteers and that groups will be sent to 20 other countries shortly. About 40 countries have requested Peace Corps workers, he said.

"The Peace Corps is not just for eastern college Phi Beta Kappas," he said "Our greatest need now is for volunteers in the field of sanitation."

He said only five or six volunteers of the 698 sent abroad had returned to the United States for personal reasons.

Indians Lose To Lancers, 60-33

Before one of the largest crowds ever to squeeze into the local high school gym, Coach George Hertze's brave little Palm Springs Indians were knocked out of the CIF basketball race by the powerful Bell Gardens quintet last night, 60-33.

The defending Class AA cage champs lead by Bob Bedell, rangy Lancer pivot man, displayed too much power for the Redmen as they dominated the court play

with a fast break and a scoring punch that broke the backs of our hometown "heroes."

After the rest at intermission time, the Bell Gardens courtmen started racking up points faster than President Kennedy could announce yesterday that the U.S. must resume Air A-tests and pulled ahead by 15 markers by the end of the third stanza.

Close First Half
The Indians held on gamely all

during the first two quarters and lead during the first few minutes of the CIF tilt. After eight minutes of play, the Lancers held a three-point margin and were only out in front of the local courtmen by five tallies at half time.

During the second and third quarters, the roof fell in on the Indian five. While they were hitting for 10 points, the defending Class AA champs were ripping the cords quicker than Astronaut John Glenn could say "A-Okay."

Bedell, turned in a brilliant court

performance as he collected an even quarter of a hundred tallies for game honors with 25 points. His teammate Greg Kind wasn't exactly standing around on the floor during the contest as he added 17 points in the winning cause.

Fine Season
Tyrone Taylor, the Indians leading scorer during the season, took game honors for the local five as he swished 13 points through the hoop. Steve Gottlieb slipped nine

tallies through the bucket to be

Eldorado Polo Team Meets Costa Rica Club

The Costa Rica Polo Club, five-Club, Sunday afternoon at the El-time Central American champions, dorado polo grounds in Palm Des-will open their international polo series against the Eldorado Polo

The Costa Rican team from San Jose, Costa Rica, has won the championship of Central America the past five times, defeating Guatemala, El Salvador and Nicaragua for the crown.

Coming north will be five members of the championship team Carlos Gonzalez, Fernando Ortuño, Adrian Collado, and the Esquivel brothers, Alejo and Roberto. The starting foursome will be announced after their arrival. Like the recently departed Hurlingham team of London, England, hard riding and team play is the key-note of the team. They will also ride Eldorado horses.

Eldorado club president, Will Tevis said that a team will be made up from Dick Neville, Los Angeles; Peter Hickock, Sausalito; Jack Conant, Palm Desert; Bob Smith, Palm Desert; and Allan Scherer, Long Beach. Scherer filled in for Smith last Sunday against Hurlingham after Bob broke his nose in the third chukker. Conant also injured his right wrist in the match.

The three matches against Hurlingham drew the largest crowds to ever see a polo game in Palm Desert. Although the English won all three, more than 7,500 people were on hand, 3,000 the second week and 3,500 for the final match last Sunday.

Hurlingham has promised to return to Eldorado in 1964 for another series.

Harold Hicks Cops Committee Of 25 Tourney

The Annual Committee of Twenty-Five Golf Tournament held at the O'Donnell Golf Club ended in a tie between Harold Hicks and Monty Montcrief. In a sudden death playoff after six extra holes, Hicks won over Montcrief.

William Reichel and Claire Egtvedt posted the best twosome score and the winner of the four-some trophy were Leo Owens, Warren Bean, Egtvedt and Reichel.

THREATENS TO RESIGN

LAUSANNE, Switzerland (UPI)—Avery Brundage of Chicago, president of the International Olympic Committee, has threatened to resign from his post if the committee approves "broken time" payments to athletes.

A draft worked out by a special commission here is believed to advocate "broken time" payments to Olympic athletes to recompense them for wages lost while competing in international events.

ROOKIE Dick Simpson, right, must have received some good "tips" from Joe Gordon, Los Angeles Angel batting instructor, prior to Friday's intra-squad game. The Venice, California outfielder smacked a triple and a hard single for the winning Rocky Bridges' team, who won, 6-4. (Desert Sun Photo)

In addition to Moran's four- bager, the field boss was pleased with the triple that rookie Dick Simpson hit after he had singled earlier in the game. Dan Ardell doubled and singled for the winners. However, Rice's club outfit Bridges', 12-7.

"Wasn't too bad for the first go-around," stated the Angel skipper. "I didn't want a shut-out and no one was given a free plate sending the leather covered ticket to first base," Rig added.

UCLA Wins Big Five Cage Title

SEATTLE (UPI)—UCLA's championship Bruins left for home today after clinching the Big Five title Friday night against the University of Washington.

The Bruins, who were down by as much as 13 points midway in the second half, rallied to whip the Huskies, 69-66, and mathematically eliminated the only two remaining teams who had a chance to tie for the crown—Stanford and Southern California.

UCLA now has a 9-1 record with two games left to play in the Big Five. Stanford and USC—who play each other tonight—are tied for second with 5-4 marks.

KHJ-TV will come on the air at 1:00 p.m. with the pre-game show "Inside Baseball" with Bill Brundage followed by "Baseball Warm-Up" at 1:10 p.m. with Blatner. The shows were designed to introduce the various aspects and playing members of the Angels' team to KHJ-TV's viewing audience.

Posting a low score of 57, the foursome of Mrs. Jack Lynch, Mr. Everett Hunt, Mrs. C. Carr Sherman and Mrs. E. A. Young copped the weekly Women's Choose Up golf tournament at O'Donnell Golf Club.

HITS 100 POINTS

Wilt Puts on Greatest Show

PHILADELPHIA (UPI)—Wilt Chamberlain finally did the "impossible"—100 points in one game. In the greatest show of his fantastic career, the 7-foot, 1-inch star of the Philadelphia Warriors connected for 36 field goals and 28 free throws Friday night to lead the Warriors to a 169-147 victory over the New York Knickerbockers at Hershey, Pa.

Wilt's 100 points broke his own single-game NBA scoring mark of 78 points and the 316 points by both teams made it the highest-scoring game in basketball history. The previous record was 312—set when the Boston Celtics beat the Minneapolis Lakers, 173-139, on Feb. 27, 1959.

Selvy Scored 100

The 100 points also equalled the official all-time single-game record by any player in a pro or college game. Frank Selvy of Furman scored 100 in a game against Newberry College in 1954.

A crowd of 4,124 poured onto the court and swarmed around Chamberlain when he reached the 100 mark. The demonstration held on the game for a minute and a half. Chamberlain shot 36 of 63 from

First Graders Prepare Book on Glenn's Trip

Mrs. Alma Gillette's first grade class at Agua Caliente school has written and illustrated a book about Lt. Col. John Glenn and his successful orbit around the earth. Two first editions have been sent through the mails — one to President Kennedy for his daughter Caroline to use as a coloring book, and one to astronaut John Glenn. The John Glenn book is a series of drawings of the orbital adventure of the space pioneer, and is replete with stories written by the first graders. The concluding story reads:

County Zone Amendments On Agenda

Amendments to zoning regulations affecting unincorporated areas putting them on the same basis as that of contiguous cities will be considered by Riverside County Planning Commission at its meeting next Thursday.

One of the matters to be discussed is the request for precise zoning in the areas immediately adjacent to cities in the county. Another is a possible amendment to the zoning ordinance to provide the same minimum footage in houses adjoining cities in county territory as in the city and the third would increase dwelling size requirements in unincorporated territory.

Final action is scheduled on plans for a zone change at Alpine Village 1000 feet north of the Palms to Pines Highway. An interim zoning plan for the lower Coachella Valley and the Coachella Valley master sewerage plan will also be considered.

DHS Cancer Drive Prepared

DESERT HOT SPRINGS — Local chairman for the 1962 American Cancer Society drive reported today that volunteers are needed for the campaign.

Howard B. Carr said that the assistance was necessary "if we are going to top our goal of \$500." The month of March has been designated as the month to achieve the goal. "We must have volunteers to assist with our mailing campaign," Carr said. "We have placed containers in our business houses and stores but we also need street campaigners."

Carr, who was recently appointed a member of the ACS board of directors, Riverside County branch, announced that Mrs. Eudora Whitehead would serve as campaign treasurer for the fifth consecutive year. Members of the Desert Hot Springs Lions Club will also be active in the campaign.

Yeager Wins Freeway Bid For Sunnymead Bypass

Low bid of \$2,231,927.15 was submitted by E. L. Yeager Company of Riverside for a freeway around Sunnymead on Highway 60, E. V. Kane, district Division of Highways engineer, reported Friday.

When the 4½ stretch of new freeway is completed there will be only two two-lane stretches of road remaining between Palm Springs and the county seat.

The new freeway starts at the junction of Highways 60 and 395 at the top of Box Springs grade and runs generally easterly to Kitching Street, east of Sunnymead.

Between Frederick Street and Perris Boulevard, it follows a new alignment about 500 feet north of the present main street of Sunnymead.

Two 12-foot driving lanes in each direction will be constructed with

room available for a third lane on either side when necessary.

Kane said that as far as possible existing trees and shrubs within the right-of-way will be preserved and several olive trees within the roadway transplanted along the sides.

Four interchange ramps are provided at principal streets. Detours will be built when necessary and the normal flow of traffic will not be inconvenienced during construction.

The work is scheduled for completion in 10½ months. The entire distance between Palm Springs and Riverside will then be four-lane with the exception of the stretch between Whitewater Point and Palm Springs Junction and between Kitching Street and the four-lane road through the Badlands.

TV in Review

HOLLYWOOD (UPI) — Don Knotts, the fragile television comedian, has abandoned his dreams for becoming "Mr. America," but he will be honored as man of the year by his college fraternity.

Knotts was the picture of malnutrition and humility.

"Heck," he said modestly. "I don't deserve the honor. It should go to a scientist or something like that."

Be that as it may, Don was voted man of the year by Phi Sigma Kappa fraternity and will be honored at a banquet next Thursday night. Don, who plays deputy Barney Fife on CBS-TV's "The Andy Griffith Show," joined the fraternity as an undergraduate at the University of West Virginia.

"I couldn't afford to be a member," he recalled, "so they let me in free because I was an entertainer. They were a great bunch of guys."

"I was so scared of flunking out of school, I worked hard enough to graduate in three and a half years. My major was speech and drama."

Don set aside his sandwich, very little of which had been eaten. It was suggested that he finish his lunch inasmuch as he appeared to be thinner than usual.

"That's not true," he said. "I've gained six pounds in the past couple of years. I weigh 125 pounds right now—soaking wet and jumping up and down on the scales."

Editors A Sadistic Lot

By DICK WEST
WASHINGTON (UPI) — Take it from me, editors are a sadistic lot. They enjoy dissecting live hyperboles and pulling wings off helpless little metaphors.

But what gives them their greatest pleasure is thinking up horrendous assignments for reporters.

Keeping that in mind, consider next that I get my daily exercise by hoisting cigars to and from my chops.

And then be advised that the President's Council on Youth Fitness is setting up a pioneer program here with a view toward de-

veloping a national physical fitness test.

Faces Obstacle Course

Lumped together, these three items explain why a raw, windy day this week found me out on an athletic field facing an experimental obstacle course that will be used in the pilot program.

The obstacle course, please understand, was designed for youngsters. Assigning an adult newspaperman to give it a trial run proves nothing. But such are the workings of the editorial brain.

The course, not yet completed, requires the participants to jump hurdles, hand-walk a horizontal ladder, swing on parallel bars, scale a wall and engage in other simian pursuits.

I arrived on the premises in the company of a Recreation Department employee, who had agreed to serve as my instructor. Adroit questioning brought out that he weighed 242 pounds.

We began at the wall. My instructor grabbed the top with his hands and tried to swing his leg

over. Then he took off his topcoat and tried it again.

Couldn't Make It

The demonstration ended with him in his shirtsleeves but still on the same side of the wall.

"I'm just showing you the technique," he said when his breath returned. "Go ahead and try it."

"I get the idea," I said. "Let's move on to some of these other things."

"I get the idea," I said. "Let's move on to some of these other things."

"Maybe it would be better if you came back some day after the course has been completed," he said, still puffing slightly. "Then you can get a real workout."

I agreed to a postponement, but I wouldn't want you to think that I couldn't have made it if I had tried. In fact, I'm in pretty good condition now that I've changed cigars.

I switched from panatellas to coronas, which are bigger and require more muscle to lift.

VOICE OF THE DESERT EMPIRE

HOME TOUR is the topic as Mrs. Bob Alexander, one of the hostesses whose home will be visited, talks with Mrs. Charles

Sakin, president of the American Association of University Women, sponsors of the annual event.

Six Homes on Sunday AAUW Show Itinerary

Six Palm Springs homes are on the itinerary of homes to be visited tomorrow in the annual "Home Show" sponsored by the American Association of University Women.

One of the six is the Robert Alexander home, the epitome of modern functional design. From the entrance the idea of circularity is paramount. The circular aggregate steps leading over the splashing water to the front doors, and the colorful foliage will attract the attention of the most sophisticated.

Three Levels
This unique house, erected on three levels is composed of four circles. The first is the living room with its partially concealed dining area, the second includes the fun room, and the kitchen, the third contains the child's room, bath and the guest room. The fourth and upper level, includes the master bedroom, powder room and bath. All these circles are most accessible from the spacious halls that connect the levels.

On entering the entry hall the steps down make the sunken living room most inviting. The rock and glass walls are flanked by contour lounges which will accommodate an entire guest list as they enjoy the circular fireplace with its colorful hood. The handloomed carpet has interesting fringe forming spoke-like effect of a wheel, emphasizes again the idea of the circular.

At the end of the hall the fun room with its rounded glass wall Administration, said Friday that overlooks the pool and patio. A capsule will go to the museum most unusual wrought iron sconce after it has been thoroughly studied over the attractive fireplace.

Another handloomed rug in colors that match the adjoining area is attractive. Patio colors and fabrics are co-ordinated to give the feeling of the inside and outside being one.

Heart of Home

The kitchen, so often taken for granted, is the heart of this home. It serves with ease and accessibility the fun room, the dining room and the patio. The five burner stove is placed in a huge island and also houses the bar-b-que. The sliding doors around the sides make the large storage underneath adequate for the kitchen utensils. The paneled wall gives little indication that the refrigerator, freezer, ovens and tea cart are found behind.

Other homes to be visited during the tour include those of Jackie Cooper, 1055 Rose Drive, Arthur Elrod, 350 Via Lola, George Frelinghuysen, 711 Panorama Drive, Eddie LeBaron, 328 Mountain View Drive and Robert Marx, 466 Camino del Sur. Tickets may be secured at all of them and they may be visited in whatever order desired.
